## **General Information About Capital Fund Contributions**

**Schedule for payment:** You have up to two years to complete your contribution. Schedule your donation to fit your financial plans. If it is feasible to give all or a larger portion of your donation in the first year, the total project amount we finance through a loan can be reduced, thus decreasing our interest expenses.

**Form of donations:** Check, electronic transfer, stock or mutual funds are all possible. Some choices will require specific arrangements, and we will contact you individually to discuss these. Donations through wills or trusts would not be part of this campaign, as they are indeterminate.

**How to donate:** Fill out the campaign Contribution form on the front of this sheet, and if needed, one of the Leadership Steering Committee members will talk with you to work out details.

**Multiple donations:** As your financial picture changes you may want to make more than one donation. New donations, received after the initial campaign to raise \$5 Million dollars, will allow the Steering Committee to pursue some of the projects that are currently deemed “out of scope.” In addition, the Board of Family Supportive Housing, Inc. desires San Jose Family Shelter to be a healthy operation far into the future. A gift to on-going operations and/or endowment can make a difference. Thank you.
